

Missouri Families for Effective Autism Treatment

In collaboration with
Autism Speaks
is pleased to present

Autism Research Update 2010

John Constantino, M.D., Child and Adolescent Psychiatrist
Washington University School of Medicine

Dr. Constantino is a nationally known researcher in the field of autism. He will join us for his annual update on the state of research regarding the causes, characteristics, and treatment of autism.

Wednesday, February 17th, 7:00 pm

Washington University OT School
4444 Forest Park, St. Louis, MO 63108

RSVP: Contact MO-FEAT at 314-993-0806 or info@mofeat.org

Childcare will be available for this event.
You must RSVP for childcare by Feb 11th.
